

Town of St. Anthony Adopt-A-Fire Hydrant Contest

Adopt-a-Hydrant Program January 2020 – April 2020

The Adopt-a-Hydrant program encourages residents of the Town of St. Anthony to help keep fire hydrants in the community clear of snow during the winter months. The program is open to all residents, businesses, families and community organizations that want to ensure the safety of their neighbourhoods by volunteering to clear hydrants in order to help firefighters quickly find and use hydrants in an emergency.

Currently, the Town of St. Anthony owns, operates and maintains 98 fire hydrants. After a major snowstorm it can take several days to clear hydrants. Therefore, this year the Town is encouraging everyone to adopt a hydrant and help keep them clear.

During the winter fire hydrants can get buried under snow and are not immediately accessible during an emergency. In an emergency, firefighters have to locate and shovel out uncleared hydrants before hooking up; losing valuable time to control fires and save lives. **But you can help!**

What is required?

1. Adopt a hydrant by:
 - Filling out the form below
 - Email: stanthony@nf.aibn.com
 - Pick a form up at the Town Office and send it back or drop it off
 - Call 709-454-3454 (Maxine at the Town Office)
2. Clear a 3-foot area around your adopted hydrant after each snowfall, or when it is heavily covered in snow and clear a path to the street from the hydrant.
3. Notify the Adopt-a-Hydrant program by emailing stanthony@nf.aibn.com or calling Maxine at 454-3454 each time you clear your adopted hydrant after a snowfall.

What can you win by participating?

1. Each email you send in to notify the Adopt-a-Hydrant program of hydrant clearing is a single entry into our Adopt-a-Hydrant contest for Winter (January 2020 – April 2020)
2. Each week a draw will occur for a \$25 gift card (Gift card determined by the Town). It will be drawn from that week's entries (Monday to Sunday with draw taking place Monday morning and winner posted on the Town's facebook page).
3. At the end of April 2020, there will be 5 grand prize draws for a \$100.00 Gift Card. (Winner will be drawn from all entries received throughout the winter).

To see if a hydrant needs to be adopted, please contact the Town office 709-454-3454. Staff will be able to inform you if the hydrant is available for adoption.

For adopting a hydrant and keeping it clear, you will receive a hydrant adoption certificate along with entry to the contest, as well as the Fire Department and Town's sincere thanks and appreciation for helping keep our hydrants clear!
